Cakeberry CBD Flower

What Is CBD Flower?

CBD flower is hemp-derived cannabis flower naturally high in cannabidiol (CBD) and very low in delta-9 THC (under 0.3%). It offers the calming, non-intoxicating benefits many people associate with CBD while preserving the plant’s full aroma and terpene profile. Every batch is third-party lab tested and Farm Bill compliant.

How to Enjoy Cakeberry CBD Flower

Enjoy CBD flower in a pipe, joint, or dry-herb vaporizer, or infuse it into oils and edibles. Because it’s low in THC, it won’t produce a strong high. Store in an airtight glass jar away from light and heat to keep it fresh.
