Why MK Ultra Is One of the Heaviest Indicas in the Market

Named after the infamous CIA mind-control project, **MK Ultra** delivers a **deep, sedative high** that hits fast and lingers long. Bred from **OG Kush** and **G13**, this strain is a staple in medical cannabis communities and among connoisseurs who prefer **heavy couchlock and tranquility**.

With **pungent earthy-pine notes**, dense buds, and THC levels well above average, MK Ultra is a perfect fit for **retailers and international buyers** needing a proven strain that satisfies those seeking **relief from anxiety, insomnia, and stress**.

MK Ultra brings both **effectiveness and brand recognition**, making it a profitable inventory staple.

Popular Strains Similar to MK Ultra

If your customers enjoy **MK Ultra**, these strains are a natural addition:

- **G13** – One of MK Ultra's parent strains, known for heavy indica effects.
- **OG Kush** – Classic, potent, and versatile in effects.
- **God's Gift** – Relaxing indica with a sweet grape profile.
- **Death Star** – Similar cerebral sedation with a gassy backbone.

FAQs About MK Ultra

What kind of effects does MK Ultra offer?
A powerful, couch-locking body high paired with mental fog and calm—great for winding down or sleeping.

Can MK Ultra be shipped internationally?
Yes. Hemp-compliant batches (<0.3% delta-9 THC) are available for global legal markets.

Is this strain used for medical purposes?
Absolutely. It’s favored for relief from chronic pain, anxiety, PTSD, and insomnia.

What does MK Ultra taste and smell like?
Earthy, piney, with sharp diesel overtones and a slightly sweet finish.

Is MK Ultra available in bulk and consumer packaging?
Yes. Order in small jars, branded bags, or full pounds for wholesale needs.

Do you provide COAs with every batch?
Yes. Full Certificates of Analysis are provided for every product shipped.
