---

## □ Strain Profile: Sweet, Fruity, and Seriously Potent

- **Genetics:** Banana Kush x OG Kush (Indica-dominant hybrid)
- **Aroma:** Overripe banana with hints of diesel and citrus
- **Flavor:** Smooth, tropical, with a creamy exhale
- **Potency:** THCa levels between 23–27%

- **Appearance:** Frosted lime-green nugs with vibrant orange pistils

This **high-potency hemp flower** is grown indoors to perfection, ensuring trichome-rich buds and consistently potent batches that command attention in retail jars.

---

## □ **Effects: Euphoric Relaxation & Mood Support**

Banana OG is a go-to for users seeking:

- Deep mental relaxation without heavy sedation
- Calming relief for stress and tension
- A mellow, euphoric vibe ideal for evening or weekend use

It's both approachable for casual users and satisfying for connoisseurs looking for high-grade flower.

---

## □ **Lab-Tested, Farm Bill Compliant, Retail Ready**

Every batch of our **Banana OG THCa Flower wholesale** is third-party tested to ensure:

- Accurate cannabinoid levels
- Zero harmful chemicals or residuals

- Compliance with <0.3% Delta-9 THC

COAs are provided with every order for full traceability and transparency.
