About Frozen Lemons

Frozen Lemons – Crisp and Energizing Sativa

Frozen Lemons is a bright and refreshing sativa strain known for its citrus-forward aroma and uplifting effects. With sharp lemon notes complemented by a frosty, earthy finish, this strain delivers energizing properties that can inspire creativity and mental focus. Frozen Lemons is an excellent choice for daytime use or moments when you need a burst of motivation and clarity.

Type: Sativa

Frozen Lemons is a true sativa, providing a cerebral and invigorating experience that enhances productivity, creativity, and an overall sense of well-being during active hours.

Terpene Profile

The zesty, citrus-forward flavor of Frozen Lemons comes from its unique terpene profile:

- **Limonene**: Drives the bright lemony aroma, boosting mood and energy.
- **Pinene**: Contributes hints of pine while supporting mental clarity and focus.
- **Myrcene**: Balances the citrus with subtle earthy and herbal tones.
- **Caryophyllene**: Adds a mild spiciness and helps ease stress.

Effects

Frozen Lemons delivers an energizing high that begins with a heady cerebral buzz, lifting the mood and sharpening focus. Perfect for tackling creative projects, social outings, or staying productive, this strain keeps you motivated while providing a sense of mental clarity. Its uplifting and lively effects make it a great option for starting the day or overcoming midday slumps.

Brighten your day with the crisp flavors and energetic effects of Frozen Lemons—a sativa strain crafted to invigorate and inspire.

Why Choose Frozen Lemons THCA Flower?

- **Verified potency:** 27.97% THCA, third-party lab tested with a COA.
- **Signature flavor:** sharp lemon.
- **Hybrid experience:** true-to-strain hybrid effects you can rely on.
- **Farm Bill compliant:** hemp-derived and under 0.3% delta-9 THC by dry weight.

Frozen Lemons THCA Flower

What Is THCA Flower?

THCA flower is premium hemp-derived cannabis flower naturally rich in tetrahydrocannabinolic acid (THCA). In its raw form THCA is non-intoxicating; when heated through smoking or vaping it converts to THC (decarboxylation), delivering the full experience. Every batch is third-party lab tested and compliant with the 2018 Farm Bill.

How to Enjoy Frozen Lemons THCA Flower

Grind a small amount and enjoy it in a pipe, bong, joint, or dry-herb vaporizer. Store the buds in an airtight glass jar away from light and heat to preserve the terpenes, aroma, and potency.

The Gold Canna Quality Promise

Every order of Frozen Lemons THCA Flower is held to the same standard: premium, hand-selected product, third-party lab testing through accredited laboratories, and a Certificate of Analysis you can review for full transparency on cannabinoids and purity. We vacuum-seal and discreetly package each order for freshness, then ship quickly with tracking so it arrives in peak condition. If you have questions about potency, effects, or the best way to enjoy it, our team is glad to help you choose the right option with confidence.

Frozen Lemons THCA Flower FAQ

How potent is Frozen Lemons THCA Flower?

This batch of Frozen Lemons THCA Flower tests at 27.97% THCA. THCA converts to THC when heated, so treat this as a high-potency product and start low.

Is it legal?

This is a hemp-derived product containing less than 0.3% delta-9 THC by dry weight, consistent with the 2018 Farm Bill. State laws vary and change — confirm your local rules before ordering. Must be 21+ to buy.

How is it shipped?

Frozen Lemons THCA Flower ships discreetly and securely in 28 grams ($45). Learn more about what THCA is.
