## THCa Diamonds in Sauce (HTE) – Premium Bulk THCa Concentrate for Wholesale Buyers

**THCa Diamonds in Sauce (HTE)** represent the pinnacle of concentrate refinement — pairing crystalline THCa structures with a terpene-rich high-terpene extract (HTE) base. This product delivers both unmatched potency and the aromatic complexity of live resin, making it a top choice for high-end concentrate brands and bulk purchasers.

Designed for manufacturers, retailers, and extractors who demand excellence, this bulk THCa concentrate offers exceptional purity, stunning visual appeal, and full-spectrum terpene profiles that elevate your end products above the competition.

---

## The Ultimate Balance: Potency Meets Terpenes

Our **THCa Diamonds in Sauce** combine 99%+ pure THCa crystals with a viscous, golden high-terpene extract (HTE). This balance provides two key benefits:

1. **Powerful potency** from crystalline THCa.
2. **Rich aroma and flavor** from HTE’s preserved terpene content.

The result? A concentrate that’s both visually striking and sensorially superior — ideal for dabs, vape cartridges, or white-label formulations.

Each batch features:

- **THCa Purity:** ≥ 99%
- **Terpene Content:** 10–15% HTE blend
- **Texture:** Crystalline diamonds submerged in viscous terpene sauce

- **Aroma:** Live-resin style, strain-dependent profiles
- **Color:** Golden-amber clarity with visible crystal structure

---

## Lab-Tested for Compliance & Safety

Every wholesale batch of our THCa Diamonds in Sauce (HTE) includes a **third-party Certificate of Analysis (COA)** verifying:

- Cannabinoid profile (≥ 99% THCa)
- Delta-9 THC below 0.3% (hemp-compliant)
- Non-detectable residual solvents
- Heavy metals and pesticide compliance
- Microbial and mycotoxin safety

We take compliance seriously — all our THCa products are **derived from hemp** and meet applicable federal and state guidelines.

## Product Lab Analysis Summary

| Test Parameter | Result |
|---|---|
| THCa Purity | ≥ 99% |
| Delta-9 THC | < 0.3% |
| Terpene Content | 10–15% HTE |
| Heavy Metals | Pass |
| Residual Solvents | Non-detectable |
| Pesticides | Pass |
| Microbial Testing | Pass |
| COA Availability | Provided with each batch |

---

## Storage & Handling

To maintain integrity and potency, store your **THCa Diamonds in Sauce** at **15–20°C** in a **cool, dark environment**.
Keep sealed to preserve terpene content and prevent oxidation. Avoid excessive heat or light exposure.

## FAQ

**What are THCa Diamonds in Sauce (HTE)?**
THCa Diamonds in Sauce (HTE) are a premium concentrate composed of crystalline THCa immersed in a terpene-rich high-terpene extract (HTE). The combination offers high potency with complex, natural flavors and aromas.

**Is THCa psychoactive?**
No, THCa itself is non-psychoactive. It only becomes THC when heated (decarboxylated). When used in dabs or vapes, it converts to active THC for a potent experience.

**What makes THCa Diamonds in Sauce different from THCa Sugar Sauce?**
While both contain THCa and terpenes, Diamonds in Sauce (HTE) feature larger THCa crystals and higher terpene content. Sugar Sauce has smaller crystals and a thicker texture.

**Are THCa Diamonds in Sauce lab-tested?**
Yes. Every batch is third-party tested for cannabinoid potency, residual solvents, heavy metals, pesticides, and microbial contamination. Full COAs are provided.

**What bulk quantities are available for THCa Diamonds in Sauce?**
We supply from 500 grams up to multi-kilogram bulk orders. Pricing tiers are available for large recurring orders and enterprise accounts.

**Can THCa Diamonds in Sauce be customized with specific terpenes?**
Yes. We offer custom terpene profile formulations upon request for white-label or branded product development.
