

California Orange - Classic Citrus Hybrid for Bulk & Retail Cannabis Buyers

California Orange, often called *Cali-O* or *Cali Orange Bud*, is a legendary hybrid cannabis strain with roots dating back to the 1980s. Known for its **zesty orange aroma**, **balanced uplifting high**, and **smooth smoke**, this strain remains a top pick for daytime use, social settings, or boosting creativity.

A near 50/50 hybrid, **California Orange** delivers mental clarity with light physical relaxation—ideal for consumers seeking relief without sedation. This makes it highly attractive for **wholesale buyers**, dispensaries, and **retail users** alike. Organically grown and COA-certified, every batch is rich in terpenes and ready for international markets.

FAQs

Is California Orange a sativa or indica?

It's a balanced hybrid—typically 50/50—with a slight sativa lean, perfect for mental clarity and relaxed focus.

Do you offer both bulk and small quantities?

Yes, we offer 1g to 28g retail formats and wholesale packages up to 1kg for commercial buyers.

What effects should I expect?

Expect mood elevation, light body relaxation, and a boost in focus—great for daytime productivity.

Is this organically grown?

Yes, California Orange is grown without synthetic pesticides or GMOs, using sustainable cultivation practices.

Can I get terpene profiles and lab reports?

Absolutely. Every batch is shipped with third-party COAs and full terpene breakdowns.

Is this strain compliant for international shipping?

Yes, as long as cannabis is legal in your jurisdiction. We provide full export documentation.
