Cotton Candy Kush – Sweet Seduction for Bulk & Retail Cannabis Buyers

Cotton Candy Kush is a hybrid strain that lives up to its name with a **fruity, sugar-sweet aroma** and beautifully fluffy buds that resemble spun cotton candy. Created by crossing **Lavender** with **Power Plant**, this strain leans slightly indica but offers a truly balanced high—calming the body while gently uplifting the mind.

Highly photogenic and flavor-rich, **Cotton Candy Kush** is an attractive option for both retailers and end-users looking for something sweet, smooth, and satisfying. Wholesale buyers benefit from its shelf appeal, easy resale, and wide demographic appeal, while individual users love it for stress relief and a mild euphoric buzz.
