

Double Ice Vanilla THCa Flower is an Indica-dominant hybrid crafted for buyers who value potency, consistency, and rich terpene depth. Indoor-grown using small-batch precision, each bud reflects the care and control of premium craft cultivation. With 27.9% THCa, this flower delivers the high potency and top-shelf aesthetics that discerning wholesale buyers seek.

The dense, trichome-covered buds radiate an icy shimmer, balanced by a sweet vanilla aroma and gassy undertones. This strain performs exceptionally well in retail jars, pre-rolls, and extraction applications, making it one of the most in-demand wholesale THCa flower options in the market today.

### **Key Details:**

- THCa: 27.9%
- Type: Indica-dominant hybrid
- Terpenes: Limonene, Caryophyllene, Humulene
- Aroma: Creamy vanilla, frosty ice, light diesel
- Appearance: Dense, resin-coated buds with bright trichome coverage
- Cultivation: Indoor, small-batch

This strain's aesthetic appeal and smooth terpene expression ensure it stands out in every B2B buyer's inventory.

---

### **Lab Results & Potency**

Every batch of Double Ice Vanilla THCa Flower is third-party lab-tested to guarantee compliance and consistency. Testing covers cannabinoids, terpenes, microbial

impurities, pesticides, and heavy metals.

### **Verified Lab Potency:**

- THCa: 27.9%
- Δ9 THC: <0.3% (Farm Bill Compliant)
- CBD: <0.1%

Each order includes a Certificate of Analysis (COA), verifying that your bulk Ice Cream Vanilla THCa flower is legal, clean, and reliable. All products meet federal standards for distribution and resale.

---

### **Flavor Profile & Effects**

Double Ice Vanilla lives up to its name with a flavor that's both cool and decadent. On the inhale, it offers a creamy vanilla smoothness followed by an icy finish and subtle gas notes. The exhale brings a refreshing, minty sweetness with earthy undertones that linger on the palate.

This terpene blend — led by Limonene and Caryophyllene — creates a profile that is both calming and uplifting. Consumers experience deep physical relaxation paired with mental clarity and an overall sense of comfort.

### **Ideal for:**

- Evening use and stress relief
- Pre-rolls, jarred buds, or extraction applications
- Retail brands focused on premium, smooth-smoking THCa products

Each nug's dense frost and balanced aroma ensure strong customer appeal and repeat sales potential.

---

## **Why Wholesale Buyers Choose Double Ice Vanilla THCa Flower**

B2B buyers choose Double Ice Vanilla for its consistency, compliance, and craft-grown excellence. Whether you're a dispensary, distributor, or private label brand, this strain delivers high margins, market demand, and reliable lab-backed quality.

### **Wholesale Advantages:**

- High potency (27.9% THCa) for premium market positioning
- Indoor, small-batch production ensures superior quality
- Dense, frosty buds are ideal for display and retail sales
- Consistent compliance under the 2018 Farm Bill
- Competitive bulk pricing for wholesale and distribution
- COA documentation included with every shipment

This flower blends luxury-grade quality with bulk efficiency, offering the perfect balance for serious B2B operators.

---

## **Compliance & Shipping**

Double Ice Vanilla THCa Flower is 100% compliant under the 2018 Farm Bill. Each batch contains less than 0.3%  $\Delta$ 9 THC on a dry weight basis, qualifying it as legal

hemp for wholesale and distribution.

### **Shipping Information:**

- Nationwide shipping available where compliant
- COA included with every bulk order
- Odor-proof, vacuum-sealed, discreet packaging
- Fast fulfillment from licensed facilities

Every order is processed quickly and delivered securely, ensuring product integrity and freshness from our cultivation site to your facility.

---

## **FAQs**

### **Is Double Ice Vanilla THCa Flower legal for wholesale purchase?**

Yes. It is fully Farm Bill compliant, containing less than 0.3%  $\Delta$ 9 THC, and is legal for wholesale and retail distribution across compliant states.

### **What is the THCa percentage in Double Ice Vanilla?**

Each batch tests at 27.9% THCa, verified through third-party lab analysis for potency and purity.

### **Do you offer private-label or white-label options for this strain?**

Yes. We offer customizable bulk and private-label packaging options for brands and distributors.

### **Can Double Ice Vanilla be used for extraction or pre-rolls?**

Absolutely. Its dense trichomes and smooth burn make it ideal for both pre-roll manufacturing and solventless extraction.

**How quickly are wholesale orders shipped?**

Most wholesale orders are fulfilled within 24–48 hours, with tracked and insured delivery.

**Do you provide lab test results for compliance?**

Yes. Each order includes a COA (Certificate of Analysis) detailing cannabinoid content and confirming compliance.
