

Durban Poison - Energizing Sativa Power for Retail & Bulk Cannabis Buyers

Durban Poison is a pure, landrace **sativa strain** originating from South Africa—prized for its **invigorating cerebral effects**, **sweet anise aroma**, and **clear-headed energy**. With zero indica genetics, this strain is perfect for daytime productivity, focus, creativity, and social energy without fog or fatigue.

Whether you're sourcing for dispensary shelves, wellness brands, or personal use, **Durban Poison** offers a clean, high-energy experience backed by **consistently lab-tested quality**. Its uplifting effects, flavorful terpene profile, and global reputation make it a staple in any cannabis collection.
