What Makes Khalifa Mints a Global Powerhouse?

Khalifa Mints, bred by **Compound Genetics**, is a finely tuned cross between **The Menthol** and **Khalifa Kush**—resulting in a strain that's **icy, potent, and truly unforgettable**. Loved by experienced users, celebrities, and high-end dispensaries, it's often sought after for its **heavy body high** and mint-diesel flavor profile.

With frosty buds, dark purple undertones, and a strong THC concentration, Khalifa Mints isn't just flower—it's **boutique-level cannabis** crafted for those who expect the best. It's now available for **global wholesale and retail buyers**, including white-label programs.
