Strain Profile: Platinum Diamond – Potent, Pristine, and Profitable

Platinum Diamond is a **luxurious indica-dominant hybrid** bred for power and elegance. With sparkling resin-coated buds and a gassy, earthy-sweet aroma, it's a show-stopper for both display and effect.

- **Type:** Indica-dominant hybrid
- **Aroma:** Earthy kush, diesel, subtle vanilla
- **Appearance:** Dense, icy buds glistening with platinum-white trichomes
- **Potency:** 27–32%+ THCa (Ultra High Potency)

Effects: Heavy-Hitting, Sedating, Highly Marketable

This strain delivers **deep relaxation** and **full-body euphoria**, making it a best-seller for evening use. Platinum Diamond THCa flower is ideal for:

- Stress and tension relief
- Deep calm and sedation
- Pain management
- Nighttime unwinding

Customers love it for its smooth smoke and heavy effects — your shelves will love how fast it moves.

Lab-Tested for Purity, Potency & Compliance

We pride ourselves on strict quality standards and full transparency. Each batch of **Platinum Diamond THCa Flower** is:

- **3rd-party tested** for potency, pesticides, and heavy metals
- **Farm Bill compliant** with <0.3% delta-9 THC
- Grown indoors in the **USA under GMP-certified conditions**
- Shipped with full-panel COAs for your peace of mind
