About Purple Martian

Purple Martian - A Fruity and Tranquil Indica-Dominant Hybrid

Purple Martian is an **indica-dominant hybrid** renowned for its vibrant flavors and mellowing effects. A stellar combination of parent strains Purple Kush, Martian Mean Green, and Blackberry Kush, this strain boasts a unique flavor profile of sweet berries, grape, and a subtle note of herbal earthiness. Perfect for unwinding after a long day or enjoying a calm evening, Purple Martian delivers a soothing experience that relaxes the mind and body alike.

Terpene Profile

The bold, fruity aroma and relaxing effects of Purple Martian are driven by its diverse terpene profile:

- **Myrcene**: Provides herbal, musky undertones and promotes deep relaxation.
- **Limonene**: Adds a citrusy lift to the flavor and supports a calm, uplifted mood.
- **Caryophyllene**: Enhances the subtle spiciness and contributes to physical comfort.
- **Linalool**: Brings floral, lavender-like notes that round out the flavor and encourage tranquility.

Effects

Purple Martian offers a well-rounded experience with both mental and physical

calmness. The effects begin with a gentle wave of euphoria that clears the mind and soothes stress, followed by a prolonged, relaxing body high that melts away tension. Perfect for slowing down after an active day, this strain is ideal for evenings, whether you're binge-watching your favorite series or prepping for a restful night of sleep.

With its irresistible fruity flavors and balanced effects, Purple Martian is sure to transport you to a space of ultimate relaxation and serenity.

Why Choose Purple Martian Badder?

- **Verified potency:** 72.78% THCA, third-party lab tested with a COA.
- **Signature flavor:** irresistible fruity.
- **Indica experience:** true-to-strain indica effects you can rely on.
- **Farm Bill compliant:** hemp-derived and under 0.3% delta-9 THC by dry weight.

Purple Martian Badder

What Is Badder?

Badder is a whipped THCA concentrate with a smooth, frosting-like consistency that scoops cleanly and delivers intense, terpene-rich flavor. It's prized by dabbers for balancing potency with ease of use.

How to Enjoy Purple Martian Badder

Dab badder at 500–575°F (260–300°C) with a quartz banger and carb cap, or add it to a concentrate-ready vaporizer. Store sealed, cool, and dark to preserve texture and terpenes.

The Gold Canna Quality Promise

Every order of Purple Martian Badder is held to the same standard: premium, hand-selected product, third-party lab testing through accredited laboratories, and a Certificate of Analysis you can review for full transparency on cannabinoids and purity. We vacuum-seal and discreetly package each order for freshness, then ship quickly with tracking so it arrives in peak condition. If you have questions about potency, effects, or the best way to enjoy it, our team is glad to help you choose the right option with confidence.

Purple Martian Badder FAQ

How potent is Purple Martian Badder?

This batch of Purple Martian Badder tests at 72.78% THCA. THCA converts to THC when heated, so treat this as a high-potency product and start low.

Is it legal?

This is a hemp-derived product containing less than 0.3% delta-9 THC by dry weight, consistent with the 2018 Farm Bill. State laws vary and change — confirm your local rules before ordering. Must be 21+ to buy.

How is it shipped?

Purple Martian Badder ships discreetly and securely in 2 GRAMS (\$22), 10 GRAMS (\$80), 28 GRAMS (\$150). Learn more about [cannabis concentrate types](#).
